

Mrs. Kopp's February Class News 3 Year Olds Class

February was a fun month for Little Lions Preschool. It was a busy month full of Valentine's Day fun, birthdays, and lots of learning!

Religion:

During the month of February we studied St. Valentine and the reason that we celebrate Valentine's Day. The children learned several new songs. I hope they are singing them at home too!

Reading:

This month we focused on the letters V, D, and G. We continued practicing the letters in our names. The children used letter hearts to make a name "heart-a-pillar". They did a great job putting the letters in the right order. In addition to tracing their names on all of their projects, the children are now trying to write their own names too. They are getting pretty good!

Math:

February brought lots of hearts into our classroom and with those hearts came the chance for counting, sorting, and organizing. We explored the concept of less and more by collecting and counting hearts.

Colors:

Hearts helped us review our colors this month as well. The children did many sorting activities with hearts of different colors.

Shapes:

In addition to hearts we continued to review all of our shapes during the month of February.

Birthdays:

I want to wish a very big HAPPY BIRTHDAY to Riley and Mia who both celebrated their birthdays in February!

Our class had so much fun celebrating Valentine's Day! The children really enjoyed making special heart necklaces (great activity for those little fingers) and sharing cards and goodies with their friends. I want to say a big THANK YOU to all of our preschool families for your generous gifts. The children and I were so excited about all of the beautiful Valentine's Day presents.
