FID 3-30-20 Assignment

DreamBox ~ Work for at least 30 minutes.

FID 3-31-20 Assignment

On theme tablet, do problems # 1-3. Show all work. Be sure to write a statement to answer each question.

1. An old cat is trying to climb a 7-meter tree. She climbs for 1 hour and rests for 1 hour. She climbs 2 m every hour, but she slides down 1 m every hour she rests. How many hours will it take her to reach the top of the tree? (Hint: Draw a picture to help.)
2. Jennie's wardrobe is made up of 2 pairs of pants (brown and gray), 3 shirts (pink, pale blue, and flowered) and 2 sweaters (white and light green). How many different outfits does she have? (Hint: Make an organized list)
3. In Science class, David learned that crickets chirp faster as the weather gets warmer. He decided to check this out with his pet cricket, Jimanee. When the temperature was 40°F, Jimanee didn't chirp at all. At 41°F, he chirped 4 times in a minute; at 42°F, he chirped 8 times per minute; at 43°F, 12 times per minute; and at 44°F, 16 times per minute. If Jimanee continued to chirp at this rate, how many times would he chirp in a minute at 55°F? (Hint: Make a table.)

On theme tablet, do problems # 4-6. Show all work. Be sure to write a statement to answer each question.

4. Lois, Trisha, Mark, and Dean traded stamps. Lois had 38 stamps when the trading was over. She knew she had given 9 to Trisha and received 11 from Mark and 13 from Dean. How many stamps did she have when she started? (Hint: Work backwards.)

5. Bernie, Terry, Ethel, and Maureen are teachers. They teach Math, English, Physical Education, and Biology, but not necessarily in that order. What does each person teach? Copy and complete the chart to help you use logical reasoning.
1. The Physical Education teacher's wife is the Math teacher.
 2. Maureen hates numbers and bugs.
 3. Terry is a confirmed bachelor.

	Math	English	PE	Biology
Bernie				
Terry				
Ethel				
Maureen				

6. At the Keep in Shape Club, 35 people swim, 24 play tennis, and 27 jog. Of these people, 12 swim and play tennis, 19 play tennis and jog, and 13 jog and swim. 9 people do all three activities. How many members are there altogether? (Hint: Use a Venn diagram)
